SOI Distances from CCD to various Optical Components

Component	Distance from CCD [mm]
Back surface of dewar window	6.48
Dewar mounting surface	9.32
Front surface of dewar window	16.48
Shutter	21.42
Surface of first filter box closest to CCD	26.02
Surface of filter in first filter box closest to CCD (estimated)	30.72
Surface of second filter box closest to CCD	46.34
Surface of filter in second filter box closest to CCD (estimated)	50.55
Guider pick-off	91.20
